MASTUL Foundation Empowers Women on International Mother Language Day

On International Mother Language Day this year, the MASTUL Foundation organized a unique event. They provided sewing machines to 21 women in need to assist them. This event took place on February 21st in Damudya, Shariatpur district. MASTUL's primary objective is to improve society. With this goal in mind, they aim for this project to contribute positively to the country's economy in the future.

Inspiring Healthy Smiles: MASTUL Foundation's Oral Care endeavor

MASTUL Foundation organized a Free Dental Camping Program aimed at raising oral health awareness among students, along with their parents. Led by Dr Sheikh MD Nazmus Sakib and Dr Jubaer Ibne Matin, the program provided free dental treatment, prescriptions, and expert advice. The presented dentists and Oral Care Experts also asked attention from the guardians and teachers to take care of their little angels and ensure that they are building the habit of regular toothbrushing.

MASTUL Foundation's Health Awareness Initiative

MASTUL Foundation organised a Free Medical Health Campaign to raise awareness about healthcare among students, and their guardians. The event, held at Mastul School premises, featured specialized doctors who provided free medical treatment, check-ups, prescriptions, and personalised advice to the students. The children actively participated in discussions with the doctors, benefiting from valuable insights into their health concerns.
